SIDE SHIFT

CW COUNTERWEIGHT

Carro manual de reducidas dimensiones y gran capacidad de carga en relación a su tamaño.

Diseñado especialmente para el acristalamiento en obra o para manipular vidrio en fábrica.

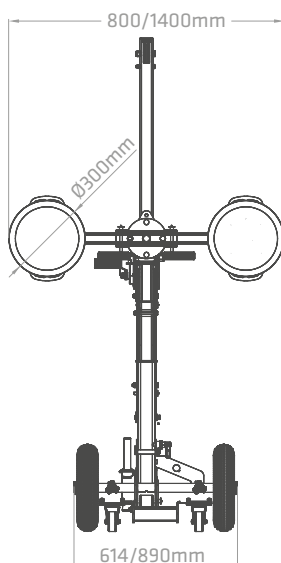

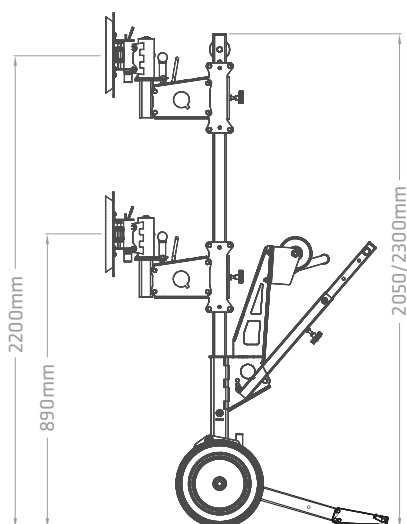

Está pensado para que un solo operario pueda manipular cargas de hasta 80Kg (recomendable) y dos operarios hasta 200Kg de carga.

Manual trolley of small dimensions and great load capacity in relation to its size.

Specially designed for glazing on site or for handling glass in the factory.

It is designed so that a single operator can handle loads of up to 80Kg (recommended) and two operators up to 200Kg of load.

Very easy to dismantle to be transported in a van.
